

CAPSL's Commitment to Excellence

Global Standards Commitment

We are dedicated to upholding the highest international standards through rigorous quality control processes. Our adherence to ISO 9001:2015 for Quality Management, ISO 14001:2015 for Environmental Management, and ISO 45001:2018 for Occupational Health and Safety reflects our continuous commitment to delivering exceptional safety and efficiency in every service we offer.

Long-Term Support and Maintenance

Our commitment to your success does not end with the sale of equipment. CAPSL offers comprehensive support services, including routine maintenance, repairs, and the supply of genuine OEM spare parts. We are dedicated to keeping your gas compression systems operating at peak performance.

Invest in Reliability with CAPSL

Compression and Power Systems Limited (CAPSL) is a leading provider of comprehensive energy solutions, specializing in gas compression, gas processing plants, power generation, pumps, heat exchangers, and genuine OEM spare parts. We offer a full spectrum of services, including Engineering Procurement and Construction (EPC), Installation and Commissioning, Operations and

Maintenance (O&M), and Maintenance /Repair /Overhaul (MRO) services. Our commitment to quality, innovation, and reliability has established us as a trusted partner in the oil and gas industry.

GENUINE OEM SPARE PARTS

Unmatched Quality for Maximum Operational Efficiency

At Compression and Power Systems Limited (CAPSL), we recognize that the performance and longevity of your equipment are crucial to your success. Our Genuine OEM Spare Parts are meticulously sourced and manufactured to meet the highest standards of quality and reliability, ensuring that your operations remain uninterrupted and efficient.

Why Choose CAPSL for Genuine OEM Spare Parts?

Superior Quality Assurance

Every part we provide is sourced directly from leading manufacturers, including our trusted OEM partner, ARIEL Corporation. This ensures that you receive only authentic and top-quality parts, designed to maintain the integrity and efficiency of your equipment.

Extensive Inventory and Availability

CAPSL maintains a comprehensive inventory of Genuine OEM Spare Parts, from essential components like seals, gaskets, and lubricants to critical items such as valves, pistons, and cylinder heads. Our vast stock ensures that you have access to the parts you need, exactly when you need them, minimizing downtime and keeping your operations running smoothly.

Expert Consultation and Support

Our team of experienced engineers are always on hand to offer expert advice and support. Whether you need help identifying the right part or require technical guidance on installation, CAPSL is here to ensure you make informed decisions that enhance the performance and lifespan of your equipment.

Custom Sourcing and Supply Chain Management

CAPSL understands that every operation has unique requirements. That's why we offer custom sourcing solutions, ensuring you get the exact parts you need. Our efficient supply chain management guarantees timely delivery, helping you maintain operational continuity without compromise.

Our Genuine OEM Spare Parts Capabilities

In partnership with our OEM, CAPSL guarantees the supply of a wide range of compressor parts designed to ensure the reliability and efficiency of your gas compression systems. These include Rotors and Stators, Seals and Bearings, Filters and Gaskets, Control Systems, Generators and Alternators, Pump Impellers and Casings, Heat Exchanger Tubes and Plates, Valves and Actuators.
